How do I know if my organization's application is in alignment with the CCME Foundation's mission and values?

The CCME Foundation awards grants to eligible non-profit organizations that work to improve healthcare for individuals and communities through measurable outcome improvement projects. These projects include service, demonstration, education, and clinical programs producing high-impact results on healthcare outcomes. Funding is prioritized based on a project's potential impact on healthcare improvements and access for individuals and communities, particularly the uninsured and under-served population.

The CCME Foundation's focus is on programs that demonstrate improved health care quality with clear goals and measurable outcomes. Priority areas include programs that:

- Improve access to health care services to the unserved and under-served
- Hospital/provider/clinic
- Improve understanding of health issues
- Demonstrate improvement through measurable outcomes of stated goals

Types of programs that the CCME Foundation might fund include those that:

- Improve healthy lifestyles and quality of life
- Increase access to culturally and linguistically appropriate care
- Implement consumer centered care and decision-making
- Improve dissemination of education and health related information
- Improve patient safety

What will the CCME Foundation grants not fund?

The CCME Foundation will not fund the following initiatives or activities that include:

- Reimbursable direct patient care services
- Facility construction/remodeling of facilities
- Lobbying
- Fundraising

When will I find out if my grant application was selected?

The CCME Foundation will inform grant recipients of their selection in the beginning of August. Those not selected will be informed at that time.
